The revolutionists are reported to be closing in on the capital and the hold of the government rendered doubly precarious by reason of the absence of President Bordas, who is engaged in besieging another faction of the rebels at Puerto Plata. Meanwhile, the besieging rebels have managed to obtain fresh supplies of ammunition and food, and are now said to be in a position to hold out indefinitely.

POWER CO. DENIES WASTE TO FIGHT "UNFAIR Stockholder Seeks to Force

Receivership, Says Counsel. Receivership, Says Counsel.

Trenton, N. J., July 28.—Argument on the application for the appointment of a receiver for the International Power Company was heard to-day before Chancellor Walker in the Court of Chancery. Decision was made ten days ago by Henry W. Bull, of New York, a stockholder, who, through his counsel, charged the company with constructive fraud and waste of its assets.

Counsel denied the allegations of mismanagement made by Mr. Bull and said the company had been conservatively and economically managed and its assets preserved. Mr. Bull, the company alleged, seeks to embarrass the international Power Company by a receivership.

The order of the court restraining the company from disposing of its assets pending the present application was continued in force by the court.

Although the United States Steel Corporation in its report covering operations for the quarter ended June 30, 1914, exceeded somewhat the previous estimates of its net earnings, the deficit after the payment of the dividends on the preferred and common stocks was \$3,159,237. The corporation's net income for its last quarter was \$20,457,596, against \$17,991,381 carned in the preceding quarter and \$41,219,813 for the quarter ended June 30, 1913. The decrease compared with a year ago is \$20,762,217. The 1913 June quarter, however, was the hest with one exception in the corporation's history.

From a flat at 111 West 63d st., where he was found packing valuables into two valises, Harry Meyer was chased to 58th st. and Broadway by a dozen automobiles, three hundred pedestrians and Patrolman Reuben yesterday afterneon before he was caught. Reuben drew a gun, but did not shoot because of the crowd.

When searched at the West 68th st. station, Meyer was found to have an envelope addressed to Mrs. L. Casar, of 68 West 68th st. She was sent for and recognized Meyer as a young man who called on her Monday to chigage a room for his wife. Shortly afterward her flat was robbed of a quantity of jewelry and \$32. WHITE MOTOR TRUCKS Are the Nation's Choice

BOTH IN THE QUANTITY OF TRUCKS SOLD AND IN THE VALUE OF TRUCK SALES, WE ARE THE LARGEST MANUFACTURERS OF COMMER-CIAL MOTOR VEHICLES IN AMERICA.

Official Records of the Motor Truck Industry Verify This Statement This Leadership of the Truck Industry is of the utmost importance, both to the many who already own White Trucks, and to the many others who will eventually purchase White Trucks.

TO THE OWNERS OF WHITE TRUCKS

THIS LEADERSHIP proves the correctness of your judgment in sclecting your motor truck equipment.

It shows that you have chosen the same motor truck that the majority of truck users in America have selected.

In practically every case, this selection has been the result of a process of rigid experimentation and elimination, in which White Trucks have proved their superiority over all others.

This preference for White Trucks by the largest users of motor trucks as well as by the majori.y of motor truck users guarantees that your investment is protected by a successful, well established manufacturer, having a superic organization for rendering permanent and efficient service during the life-time of the trucks.

This Radiator is the Distinctive Sign of White Trucks

TO FUTURE OWNERS OF WHITE TRUCKS

THIS LEADERSHIP is conclusive proof that White Trucks must be superior to all others, because White Supremacy is not measured in numbers alone, but in value as well.

With so many makes of motor trucks on the market, all clamoring for recognition, indisputable supremacy can be gained only by superior merit.

Untruthful advertising, bargain prices, exaggerated claims and guarantees that caunot be fulfilled may make the first sale, but only superior merit can create the confidence which brings continuous repeat orders.

The record of continuous repeat orders whereby the foremost firms in America have acquired huge fleets of White Trucks, after experimenting with other makes, is a convincing reason why you should use White Trucks.

WHITE TRUCKS ARE MOST ECONOMICAL TO OWN

That White Trucks are slightly higher in price, makes White leadership in the truck industry even more complete. It is plain evidence that White construction is so superior that the higher first cost of a White Truck is economy in the long runproof that White Trucks last longer and cost less to operate and maintain, making them the most economical tracks to own.

White Trucks are built in capacities of 3/4, 11/2, 3 and 5 tons A SUITABLE SIZE FOR EVERY VARIETY OF SERVICE
